

## **Agreement between the Nordic clubs. ( updated version Nordic meeting 160903)**

- **The yearly meeting between the Nordic cavy clubs is at the Nordic Show**  
Chairman and responsibly for the agenda is the arranging country/club. The agenda should be send out one month in advance. Questions and proposals for the agenda should be send in two months in advance. The rules of the Nordic show should be disused yearly to decide next years rules, list of breeds *etc.* If need for extra Nordic meeting between the Nordic shows, the arranging country/club can invite to a meeting, live/mail/phone.

- **Membership in Nordic cavy clubs**

If a member wants another main/head club, than in the member home country, the member has to communicate to all involved clubs. Nobody can change main /head club in middle of the year.

- **Protect all breeder name in the Nordic cavy clubs**

All breeder names that are protected in a Nordic club are protect in the all Nordic clubs. Sweden is in charge of the register and all other clubs has to check/send in all new breeder names before the club says OK.

- **Champion title, pure breed**

The first champion (pure breed), **Pet Class and Clipped** titel could be taken in any Nordic country. The following champion titels can be taken with just one certificate (before or after the first title). The member can register the one certificate champions in her/his own country/club. Every country/club has an obligation to send the champion list to each country in the end of the year.

- **Nordic champion title, pure breed**

From 2016-01-01 (all champion titels should be taken after 2016-01-01) you can register title Nordic champion, NordCH. The cavia has to have at least three out of four champion titels to get a Nordic champion. The member can register the Nordic champion in her/his own country/club. Every country/club has an obligation to send the Nordic champion list to each country in the end of the year.

- **Coming Nordic shows**

- 2017 Finland
- 2018 Norway
- 2019 Sweden
- **2020 Denmark**
